BEST ICED COFFEE

At LAMILL Coffee in Silver Lake, iced coffee isn't just old hot coffee poured over ice. It's formulated in its own way: A 32-liter, cold-brewed batch takes about 18 hours to make. Starting in August, LAMILL will introduce tableside iced coffee, made to order in four minutes and without any hint of bitterness. » *1636 Silver Lake Blvd., Silver Lake, 323-663-4441.*
